History and Mission

Ensure America’s security and prosperity by addressing its energy, environmental, and nuclear challenges through transformative science and technology solutions.

Energy
- Catalyze the timely, material, and efficient transformation of the nation’s energy system and secure U.S. leadership in energy technologies.

Science and Innovation
- Maintain a vibrant U.S. effort in science and engineering as a cornerstone of our economic prosperity with clear leadership in strategic areas.

Nuclear Safety and Security
- Enhance nuclear security through defense, nonproliferation, and environmental efforts.

Management and Operational Excellence
- Establish an operational and adaptable framework that combines the best wisdom of all Department stakeholders to maximize mission success.
FY 2021 Budget

- **Undersecretary (S3)**: 0.2%
- **Direct Reports**:
  - 10.7% (23%)
- **NNSA (S5)**:
  - 20.1% (43%)
- **Science and Energy (S4)**:
  - 16.1% (34%)
Unique Operating Environment

- 2 Senior Procurement Executives
- 14 Heads of Contracting Activity
- Multiple SBA Procurement Center Representatives
- Over 20 Different Acquisition Forecasts
- 22 M&Os (Management and Operating sites)
- 37 Site Facility Management Contracts
- 80+ Small Business Program Managers
- DOE Mentor-Protégé Program – 40+ protégés participated in FY 2021

OUR MISSION
Maximize contract opportunities for small businesses while advancing the Agency’s missions.

OUR COMMITMENT
O: Open the lines of communication through outreach and training.
S: Serve as small business advocates.
D: Deliver useful information.
B: Build public and private industry relationships.
U: Utilize DOE Programs and best practices.
The Department of Energy (DOE) will foster a dynamic business environment for the small business community, which includes small, veteran-owned, service-disabled veteran-owned, HUBZone, small disadvantaged, and women-owned small business concerns. This will widen the scope of opportunities that small businesses can participate in, while also strengthening the Agency, and in turn, the American economy.
DOE exceeded its FY 2020 statutory prime and subcontracting small business goals and achieved its highest small business obligations to date

- $8.7B obligated to small businesses in FY 2020 (of $35.5B total)
  - $5.1B in direct prime and first-tier M&O subcontract small business awards
  - $3.6B in direct subcontract small business awards
- 1 in 4 contract dollars awarded to small businesses

**Total Small Business Obligations (Prime + MOSRC* + Subcontracts)**

How DOE Buys

- Full & Open Competition
- Full & Open Competition After the Exclusion of Sources (SB Set-asides)
- Other than Full & Open Competition (Non-competitive)
- Simplified Acquisition Procedures (SAP)
- Pre-positioned competitive contracts i.e., General Service Administration (GSA) Federal Supply Schedules (FSS)
- Category Management strategic contracts, Blanket Purchases Agreements (BPAs), Indefinite Delivery Contracts, etc.
- Unsolicited Proposals
- Financial Assistance Opportunities in addition to DOE procurements
The OSDBU partners with SBIR/STTR staff, to guide small businesses to help conduct DOE R&D.

- Phase 0 resources help first-time applicants engage w/ DOE SBIR/STTR
- Phase I-III awards develop and commercialize proposals
- DOE SBIR/STTR topics: [https://science.osti.gov/sbir/About](https://science.osti.gov/sbir/About)
- DOE SBIR/STTR Point of Contact: [SBIR-STTR@science.doe.gov](mailto:SBIR-STTR@science.doe.gov)
- ARPA-E’s SBIR/STTR program: [Home | arpa-e.energy.gov](http://arpa-e.energy.gov)
An unsolicited proposal is an application for support of an idea, method, or approach, which is submitted based solely on the proposer's initiative rather than response to a DOE solicitation.

Funding of unsolicited proposals is considered a noncompetitive action.

Federal Acquisition Regulation Subpart 15.6 addresses unsolicited proposals.

DOE considers proposals in all areas of energy and energy-related research and development with emphasis on long-term, high-risk, high-payoff technologies. DOE may accept an unsolicited proposal if it:

- Demonstrates a unique and innovative concept or a unique capability of the submitter
- Offers a concept or service not otherwise available to the Federal government
- Does not resemble the substance of a recent, current or pending competitive solicitation.

The "Guide for the Submission of Unsolicited Proposals" provides more information on the unsolicited proposal process.

For more information on Unsolicited Proposals, please contact DOEUSP@NETL.DOE.GOV.
DOE Mentor-Protégé Program (MPP)

- Increases participant’s capabilities to better perform and compete for DOE prime contracts and subcontracts
- Focused on helping disadvantaged and other socio-economic small businesses
- Utilizes Subcontracting for Protégés’ development

Participation in the MPP is a contractual requirement for many large dollar DOE Facility Management Contracts

For more MPP Info: https://www.energy.gov/osdbu/programs/mentor-protégé-program
Prime Opportunities

• DOE’s Headquarters and Federal Field Office Acquisition Forecast contains a list of upcoming prime contracting opportunities

• DOE is determined to set aside opportunities for small business, minority business, 8(a) participants, Historically Underutilized Business Zone (HUBZone) small business concerns, Service-Disabled Veteran-Owned (SDVOSB) small business concerns, and Women-Owned Small Business (WOSB) concerns

• Prime contract opportunities can be found at https://www.energy.gov/osdbu/articles/acquisition-forecast
Subcontracting Opportunities

- Approximately 80% of DOE’s annual procurement base is allocated to the Agency’s Management and Operating Contractors (M&Os), also commonly referred to as Facility Management Contractors (FMCs).

- DOE Prime Contractors are interested in subcontracting with all categories of small business, minority business, 8(a) participants, HUBZone, SDVOSB, WOSB small business concerns

- The 47 DOE/NNSA Site FMC links to subcontracting opportunities can be found at [https://www.energy.gov/osdbu/acquisition-forecast](https://www.energy.gov/osdbu/acquisition-forecast)

- Supply Chain Management Center (SCMC): [https://thescmcgroup.com/](https://thescmcgroup.com/)
Positioning for Subcontract Opportunities

To determine if opportunities exist for your company with DOE prime contractors, we recommend you prepare yourself as follows:

• Research the company and procurement opportunities to determine the right fit

• Register in the Primes’ Supplier Registration database, if required

• Email each Prime’s point of contact with your interest in subcontracting opportunities. Briefly explain how you believe you can assist the Prime

• If you meet with a Prime, be prepared, and most important, be on time

• Follow-up with additional information, if required
# How to Increase Your Success

## LEVERAGE
- Engage SBA, Small Business Development Centers, Procurement Technical Assistance Centers, Minority Business Development Centers and other small business advocates
- Understand and pursue Key DOE Programs like MPP
- Join Trade Organizations
- Review DOE OSDBU Small Business Toolbox
- Engage OSDBU and sites’ Small Business Program Managers

## PREPARE
- Learn what products and services DOE buys at its different sites
- Review DOE and Major Contractor acquisition forecasts and SAM.gov
- Ensure socio-economic certifications and security classifications are current
- Know your business/industry
- Stay current with regulations, laws, policy, etc.
- Establish teaming arrangements, joint ventures, etc.
- Create strong capability statement

## TARGET
- Market/match up your capabilities against DOE/Prime requirements
- Pursue low dollar requirements to build past performance
- Pursue all levels of opportunities
- Participate in outreach events
- Adequately respond to Sources Sought/Request for Information/Request for Proposals
- Register in DOE Supplier databases
• In April 2022, the federal government will transition away from using DUNS Numbers to the new Unique Entity ID (UEI) for federal award management:

• This change will formally take effect in the Integrated Award Environment (IAE) systems (SAM.gov, FPDS, eSRS, FSRS, FAPIIS, and CPARS) on April 4, 2022

• This change is streamlining the entity registration process and making it easier for entities to do business with the federal government.
  • This change simplifies the process of registering your organization to do business with the federal government.
  • Entities will be assigned an identifier during registration; you will not need to go to a third party to obtain an identifier or to get help.
  • If your prime is required to report on subcontracting dollars, subcontractors will need an UEI.

• If you are registered in SAM.gov, you’ve been assigned an UEI and it’s viewable in SAM.gov

• GSA provides a detailed briefing on transition to UEI Stakeholder Forum Recap: The New Unique Entity ID in SAM.gov | Interact (gsa.gov) and the Federal Service Desk (FSD) additional offers resources and FAQs to help with UEI transition on IAE systems

Questions
Key Takeaways for Doing Business with DHS

- Utilize the resources available to navigate DHS opportunities.
- Understand the core missions and needs of each Component and target your efforts to a few, at most.
- Ensure that your website and capability statements clearly articulate your organization's key offerings.
- When meeting with DHS officials, know who you are meeting with and their role so that you can explain the relevancy of your offerings.
- Threats are constantly evolving—be a partner to help us fill our capability gaps by listening to our needs and the direction we are going.

Key Takeaways for Doing Business with DOE

- Understand the core missions and needs of Program Offices and target your efforts.
- Ensure that your website and capability statements clearly articulate your organization’s key offerings.
- When meeting with DOE and Primes, know who you are meeting with and their role so that you can explain the relevancy of your offerings.
- Mission requirements are constantly evolving—be a partner to help DOE/Primes fill capability gaps by listening to needs and the direction we are going.
- Utilize the resources available to navigate DOE opportunities.
