Pre-Proposal Meeting
Science and Technology Support Services

Clint Rash / Lisa Hawk
August 5, 2021
Agenda

• Recent and Frequent Questions and Answers

• Review of the Solicitation, including attachments

• Reminder of Schedule dates
Frequently Asked Questions

• What can be excluded from the 60-page page limit?
  – Only personnel resumes are excluded from the page limitation.

• Should the prime and their lower-tiers provide 3 references each?
  – At least 3 references combined for any proposal.

• Please provide data (i.e., roles & descriptions) on the existing workforce that will transition to this BOA.
  – ORNL is changing internal processes for obtaining labor, therefore, we are not able to reasonably predict or provide.

NOTE: These FAQs are summarized for purpose of this presentation. Refer to Attachment 5 – Pre-Answered Questions for specific details.
Frequently Asked Questions

• Can we propose to establish an office within 50-miles from ORNL if we’re selected for an award?
  – No. This is a Qualification Criterion of the Solicitation.

• Will there be consideration to extend the 18-month employment term to match the 24-month base award term?
  – The 18-month limitation for the worker is independent from the 24-month period of the Base Award of the BOA. The 24-month Base Award period is the timeframe in which task orders may be awarded. Each TO will specify a period of performance.

NOTE: These FAQs are summarized for purpose of this presentation. Refer to Attachment 5 – Pre-Answered Questions for specific details.
Frequently Asked Questions

• What is the expected spend under the BOA?
  – BOA volume is difficult to predict. We anticipate $5M-$8M per year.

• Attachment 4 – Pricing Schedule has a Maximum Multiplier Cap, but it isn’t clear what that is.
  – Also referred to as the Multiplier Cap in the Definitions tab, this is the maximum Base Pay Rate upon which the Multiplier and Fee will be calculated, which will be considered in our evaluation of your proposal.

• Can we propose fully burdened labor rates?
  – Must propose a multiplier (Attachment 4 – Pricing Schedule).

NOTE: These FAQs are summarized for purpose of this presentation. Refer to Attachment 5 – Pre-Answered Questions for specific details.
An overview of the RFP and Attachments

• RFP: 6400015991-ST
• Attachment 1 – 6400015991-ST – Statement of Work – Science & Technology Support Services
• Attachment 2 – Description of Services – Science & Technology Support Services
• Attachment 3 – 6400015991-ST Draft Science & Technology Support Services BOA
• Attachment 4 – Pricing Schedule
• Attachment 5 – Pre-Answered Questions
Solicitation 6400015991-ST

Overview
UT-Battelle, LLC (Company) operates the Oak Ridge National Laboratory (ORNL) for the Department of Energy (DOE) under Prime Contract Number DE-AC05-00OR22725. The Company invites you to submit an offer for the solicitation listed above. For more detailed information see Section C - Specifications/Statement of Work - See “Attachment 3 - 6400015991-ST Draft Science & Technology Support Services BOA”.

Agreement Period of Performance
The Agreement(s) will consist of a two-year base term and one (1) option year. Offerors must propose discount and multiplier rates for the entire base term and option year.

Number of Awards
The Company will make one award.

Company Procurement Officer
Lisa Hawk, 865-598-3721, hawklp@ornl.gov is the Company Procurement Officer and Point of Contact for this solicitation.

Solicitation Request
ORNL invites you to submit a proposal in accordance with this Solicitation No. 6400015991-ST. The solicitation documents and attachments are published at: https://contracts.ornl.gov/6400015991-st-2/. It is the responsibility of all Interested Offerors to monitor this website for amendments, questions and answers, and other updates. Email notifications may not be issued.

Please note that Pre-Answered Questions are included in this solicitation. See Attachment 5 - “Pre-Answered Questions”.

Your proposal must be submitted electronically, via email (hawklp@ornl.gov), to the Company Procurement Officer on or before 12:00pm (noon), on August 30, 2021.

- There shall be separate files for the Technical Proposal and the Business Proposal
- In order to reduce confusion, the electronic file name shall include the company name of the Offeror as stated in the section of the document titled “Proposal Preparation Instructions”.

NOTE: Each email is restricted to 25MB in total size by the ORNL Exchange server. Offerors may submit multiple emails and may split files in order to comply with the 25MB size limitation. Mark files as File [Insert number] of [Insert number]. For example, “Technical Proposal – File 1 of 3.”
Description of Services – Attachment 2

Science and Technology (ST) – Description of Services

The Company requires support in all aspects and phases of Science and Technology Support Services. These services include but are not limited to sample collection, processing, analysis, and monitoring. Summarizing information within spreadsheets, databases, and writing reports may be required. Other technical support areas include Technical Writing, Participation in environmental and laboratory studies and may include design of or assisting with experiments, Quality Assurance program development & support, and Operational Readiness Reviews. Compliance Assessments of Programs to include but not limited to Conduct of Operations, Quality Assurance, Environmental, Safety & Health, and Regulatory.

The services include all other disciplines of science and technology type work excluding Computer/Information Scientists and Technicians.
